2. With the upcoming provincial pre-budget consultation, the possibility of an early election, and growing evidence of the effectiveness of nonprofit housing acquisition funds, there is a unique window of opportunity for us to join forces and advocate collectively for an Ontario Nonprofit Housing Acquisition Fund. Use the resources in this blog to amplify the messaging!

3. Ontario needs a Nonprofit Housing Acquisition Fund now! A continued lack of action in preserving existing affordable housing stock will only worsen Ontario's housing affordability crisis in the coming years. The nonprofit housing sector has a strong track record of building, acquiring, and protecting affordable housing to meet community needs. Share this briefing note with your elected officials and advocate to make an Ontario Nonprofit Housing Acquisition Fund a reality.

Resources to support housing acquisition fund advocacy now available through ONN

ONN has released a [new blog](#) that highlights five ways housing nonprofits and allies can rally together to advocate for Ontario's first housing acquisition fund. Resources include a [briefing note](#) on the Ontario Housing Acquisition Fund, talking points for when nonprofits are meeting with government officials, a letter template, and an amplification package for nonprofits to spread awareness about this policy initiative. Right now there is a unique window of opportunity to get this policy win in Ontario, and we encourage all nonprofits to join efforts and make this idea a reality.
